A keen interest in improving soil health has seen Tully grower Ray Zamora continue with a broad range of trials on farm. BY BRAD PFEFFER

Soil health: fitting all the pieces together

A keen interest in improving soil health has seen Tully grower Ray Zamora continue with a broad range of trials on farm. BY BRAD PFEFFER
Once I started looking at my soil biology, I wanted to use less chemicals wherever I can, because I want to encourage the good biology to grow. So the less chemicals, the better.
